FireKeepers Casino hired 1,500 team members in 2009 to successfully open the \$300 million facility. Since the Aug. 5, 2009 opening, FireKeepers has effectively maintained workforce levels at 1,500 team members, making the property one of the largest employers in Calhoun County. Interest in employment with FireKeepers has remained high with nearly 16,000 applications received in 2010.

FireKeepers Casino has worked diligently toward maintaining team members and providing benefits for employment. April 29, 2010 marked a key moment for FireKeepers with the opening of an on property health clinic exclusively for its 1,500 team members. The health clinic is part of a partnership with Borgess Health and is designed to take care of team members during work hours, as well as after work hours.

Over \$16.1 million of this has been spent within a 50 mile radius of FireKeepers Casino.
