LONDON, January 2, 2011 /PRNewswire/ --

- Jocelyn Sirois won \$524,556.55 (CAD) Playing Beach Life Progressive Slots at Europa Casino (<http://www.europacasino.com/>) on November 20, 2010

Life can change in an instant, as one lucky slots player found out for herself when she won over \$500K (CAD) in a single spin of the reels.

A member of Europa Casino since August 2008, Jocelyn Sirois was ecstatic to become one of the biggest casino winners online, when on November 20, 2010 she won \$524,556.55 (CAD) playing Beach Life progressive slots (http://www.europacasino.com/online_progressive_games.html).

Originally drawn to Europa Casino based on popular user reviews, Sirois quickly found out for herself why this online casino is a continual market leader.

"The things I first noticed about this casino (and continue to love) are the attractive homepage, the speed of the games and the overall design," said Sirois in an exclusive interview she granted Europa Casino following her big win.

"Europa Casino provides an excellent overall service. I'd say it's the complete package. The online support is highly responsive. They are quick to answer all of my questions and the tracking is excellent. The games themselves are easy to understand, and the explanations of the games (when I do need them) are clear and concise."

Although this wasn't Sirois's first time as a casino winner (http://www.europacasino.com/win_interview.html) (she's won several smaller jackpots playing online keno), it was by far her biggest win. And, while it's always fun to win at casino gaming, a win this big can be a life changing experience.

Sirois, plans to take her winnings and retire, so that she can travel and play golf in Arizona. She also plans to continue trying her luck playing online casino games at Europa Casino.

About Europa Casino

Europa Casino is Europe's leading internet gaming destination. A premier, full-service casino, the site offers over 300 online casino games, 19 progressive jackpots, generous weekly promotions and a top-of-the line loyalty program.
