In addition, Live! Philadelphia will host two invitation-only charity nights on January 16-17, 2021 with all proceeds donated to Philadelphia area non-profit organizations.

PLAY IT SAFE

To prepare for opening, Live! Casino & Hotel Philadelphia has developed a comprehensive **Play It Safe** plan, which is an enhanced health and sanitation program that allows for increased cleaning frequency, physical distancing, reduced occupancies, new technology and vigorous hygiene and health measures. Signage will be located throughout the facility to underscore all health and safety requirements.

Key components of the Play It Safe plan include the installation of the state-of-the-art *Atmos Air Bi-Polar Air Purification System* within the HVAC system to treat and clean the air in the facility, including any virus particulates. The system is designed to perform 12 air changes per hour throughout the casino floor, which is more than twice the frequency of most commercial buildings.

In addition, the one-of-a-kind *Reel Clear* slot management system will guarantee every customer who plays a slot machine is sitting down at a freshly sanitized machine and also has the capability to automatically social distance the customer from the nearest guest. The newly-developed system can automatically shut down a slot after it has been played and can only be reactivated by an attendant after it has been sanitized. Also, once a player starts to play a newly sanitized machine, the system will lock down the machines on either side to enforce social distancing in areas not protected by plexiglass barriers. The system will also allow a patron to request their machine to be cleaned at any time.

"Our top priority is to provide a safe environment for our team members and guests," Billhimer said. "We've gone through extraordinary measures to meet and exceed Pennsylvania's COVID-19 guidelines to ensure all of our guests have fun and feel safe."
