ELK GROVE (CBS13) – A proposed casino is one step closer to opening up near Elk Grove as Tribal leaders say they've secured funding.

The site for Wilton Rancheria Resort and Casino is on 35 acres at Highway 99 and Kammerer Road. The project's groundbreaking was supposed to be last May, but they say they have a new ceremony in the works.

"This historic accomplishment results from over a decade of intensive research, communication, and relationship building with the City of Elk Grove and our Development Partner, Boyd Gaming," Wilton Rancheria Office of the Chair and Tribal Council said in a letter Friday. "As part of this financing, we are also proud to announce that a Ground-Breaking ceremony is under development and will be announced in the coming days."
