As of January 29, 2021, PokerStars joined the **regulated online gambling market in Michigan**. The operator kicked things off with all three verticals: the [PokerStars MI](#) online poker room, Stars Casino MI, and the [FOX Bet MI](#) online sports book, all regulated by the **Michigan Gaming Control Board**.

If you are looking for some online casino action, [Stars Casino MI](#) is a great choice. It offers a variety of gaming options, some interesting promotions, and a sleek and modern platform available on mobile and desktop devices alike.

One unique advantage with **Stars Casino** is that it has an integrated rewards program across all three gaming verticals. This means you **get rewards for all play across poker, casino and sports**.

So, if you're mostly a casino player, but dip into the odd sports bet or poker hand—or if you're an online poker grinder, but now and then like a flutter in the sports book or casino—you know that you'll be working towards the same rewards for all your play. This makes Stars Casino by PokerStars the best bet for any player who might be interested in more than one form of entertainment.

Stars Casino MI Welcome Bonuses

Welcome Bonuses

3.7

Average

The **Welcome Bonus** at **Stars Casino Michigan** is definitely something most players will want to take advantage of when creating a new account.

The promotion for new players is pretty good. You can get a **\$50 Instant Bonus** for making a real money deposit and placing a wager of at least \$1 on any casino game on the site within 5 days of signing up.

As far as bonuses go, this one is simple and easy to complete. And \$50 free is something that every casino player will want regardless of how much of a high roller they may be.

But our average rating for the Welcome Bonus at Stars Casino Michigan is based on what is not on offer: a deposit match bonus.

Online casino sites often entice players to play for real money by offering a bonus equal to the amount of their first deposit, but the Stars Casino does not have such a bonus. Other operators are offering First Deposit Match Bonuses as high as \$1000. And even though those bonuses have playthrough requirements that require a high amount of play on the site, most players will be able to redeem at least part of the bonus.

Overall, the Stars Casino MI Welcome Bonus offers good value (\$50 free) and is easy to

redeem (just make a real money deposit and wager \$1), but the lack of a deposit bonus to accompany the free \$50 is the reason for our average rating.

Though [Stars Casino MI](#) is still relatively new, so far its selection of promotions for casino players has been limited compared to what one might expect from the global online gaming giant.

Besides the Welcome Bonus, the way to get some extra value from the casino is through its **Casino Races**

. While Stars Casino categorizes these contests as games on its site, they are more like promotions as there is no fee to enter, yet they award prizes.

The smallest of these contests that we have observed are offering \$50 to be divided among the top 10 finishers with the first-place finisher getting \$15. Keep in mind that these contests run 24/7 and do not charge an entrance fee.

On the higher end, we have seen a \$1000 Race that pays \$150 for first with the remainder of the money split up between the players that finish 2nd through 9th.

When Stars Casino by PokerStars had first launched in Michigan, it ran a lucrative promotion that offered players the chance to win prizes and instant bonuses up to \$500 each day.

With only a small number of promotions being offered by Stars Casino MI at this time, we have rated their promotions at 3 stars and gave them a the characterization of "Limited".

Play on your favorite **online casino games** as well as at the online poker tables and through the online sportsbook at [FOX Bet](#) count towards your progress earning rewards.

Stars Rewards requires players to earn **Rewards Points** at real money games across all of the online gaming verticals offered by PokerStars, Stars Casino, and FOX Bet. Each Rewards Point earned advances your **Progress Bar** towards completion after which you will receive a **Chest** containing your reward.

The color of the Chest determines the amount of the reward it contains.

To get the most out of Stars Rewards, we have compiled a list of important information about the loyalty program, and sections on the primary components of the program.

- You can keep on top of your rewards by tracking them in the Stars Casino MI lobby under the **My Stars** section.
- In the **My Stars** section of the lobby you will find your **Progress Bar** which shows you how close you are to getting your next reward.
- To advance your Progress Bar towards completion, you need to earn **Reward Points**
- Earn **Reward Points** by playing real money games in the casino, the poker room and in the FOX Bet sportsbook.
- Completing a Progress Bar gets you a **Chest** with a prize inside. The prizes come in the form of Free Play and StarsCoin.
- **StarsCoin** is the currency used in the Stars Rewards program. You can redeem StarsCoin in the Rewards Store for tournament tickets, branded merchandise, electronics, and you can even exchange StarsCoins for cash.

Rewards Points

Stars Rewards boils down to one simple concept: the more Reward Points you earn the more rewards you can receive. However, the number of Reward Points you earn varies depending on a number of factors including the games you play and how often you play them.

Based on our understanding of the terms and conditions posted on the Stars Casino MI site, we compiled a general guide that you can use to estimate how many Reward Points you can earn at your favorite games.

- Reward Points earned from play at the Stars Casino MI varies based on which casino games you play. Slots and table games offer different rates for earning Reward Points.
- At the [Poker](#) tables you will earn 100 Reward Points for every \$1 in rake and tournament fees that you pay.
- For sports bets at [FOX Bet MI](#) you will earn 1.7 Reward Points for every \$1 in wagers on single bets. For multiple bets, you can get 4.7 Reward Points for each \$1 bet.

Chests

After you complete a Progress Bar, you get a Chest that contains a reward which can be a tournament ticket, a promotional item, or **StarsCoin** which can be redeemed at the Rewards Store for merchandise or cash.

The value of the reward is determined by the color of the Chest you receive.

There are six colors of Chests corresponding to the six levels of the Stars Rewards program. The higher the level, the more valuable the reward. The levels and corresponding Chest colors are documented below:

Level	Chest Color	Reward Range
1	Blue	\$0.25 to \$5
2	Bronze	\$0.60 to \$12
3	Silver	\$1.50 to \$30
4	Gold	\$5 to \$100
5	Diamond	\$12.50 to \$250
6	Black	\$35 to \$700

Chests are valid for up to three calendar months after they are awarded. If you do not open the Chests before they expire, you will lose the reward inside.

Games

The selection of games at Stars Casino Michigan is comprised of popular and exclusive Video Slots and Table Games that are available in both single and multi-player versions.

Stars Casino MI by PokerStars also offers players a way to win through a competition it calls Races.

Races

Races are **free-to-enter contests** that award cash bonuses to players that top a leaderboard at a particular game during a specified period of time. Because these contests have **no entry fee**, they are essentially promotions that return value to players based on their play.

Players earn leaderboard points by playing the required real money games. The top players on the leaderboard win instant prizes. It is that simple.

Here is how Races work:

- You need to **opt-in and register** for Casino Races.
- To earn **Leaderboard Points**, place winning bets in any of the eligible games.
- Points are awarded based on how much you win on a spin relative to how much you bet, and then multiply that by 100. For example, if you bet \$1 on a spin and won \$5, your win would be 5x your bet, so that would be 5×100 , so you would get 500 points. Similarly, if you bet \$10 on a spin and won \$50, you would have the same 5x win on your bet, again awarding you 500 points. This way the size of your bankroll doesn't give you an advantage in the game.
- The players with the most points win prizes based on their place on the Leaderboard.

There are a variety of different races available around the clock 7 days a week. Races are available for different games, they last various periods of time, and award varying amounts in prize money, but they never require an entry fee.

Slots

Slots are perhaps the most popular casino game played online and **Stars Casino MI** offers

players a choice of popular and exclusive slots.

In the popular category, titles such as **Jumanji**, **Guns N' Roses**, **Narcos**, and **Gonzo's Quest** are on offer. Exclusive slot titles include

Lion Storm

,
Frog of Fortune

and

Wilbur's Wild Wonderland

The selection of slot titles isn't the widest we have seen, but the library of titles does offer a **good mix between well-known branded games and exclusive games**

Table Games

The Table Games at Stars Casino Michigan are available in both single player and multi-player modes. The games currently offered include:

- Blackjack
- Roulette
- Baccarat
- Heads Up Hold'em

Overall, the selection of table and card games is on the smaller side. Other popular games such as Video Poker and Live Dealer games have yet to be added to the Stars Casino offering. Once more games are added and the site starts offering Live Dealer games, our Games rating will likely increase.

Banking

Getting people to trust in electronic payment used to be a big hurdle for online casino companies, but these days it is hard to imagine not sending and receiving payments over the internet.
