JOHANNESBURG--([BUSINESS WIRE](#))-- [Springbok Casino](#) is pleased to announce the launch of Alien Wins, the latest slot on offer at South Africa's favourite place to play! Blasting off in the form of a 5x3, 9-payline slot, Alien Wins has some out-of-this-world features to boost your chances of landing an astronomical win!

Look out for the various extra-terrestrial symbols, but most importantly, the wild Spaceship symbol. When it lands on reels 2, 3 and 4, the Spaceship expands to fill the whole reel and awards a re-spin. Any additional Wild landing during the re-spin also expands and re-spins, and all Wilds are awarded a random multiplier of x2, x3, x5 or x8, increasing your chances for stellar wins.

The Bursting Wild can also be triggered at random, adding between 1 and 3 extra Wilds on reels 2, 3 and 4!

The game also includes a player-activated feature, Cosmic Spins, allowing users to guarantee a Wild will appear for a cost. This feature guarantees 1 Wild for 10x your bet, or 2 Wilds for 95x your bet and remains active until the player deactivates the feature.

Daniel Van Wyke, Springbok Casino Manager, said: "Reach for the stars with the latest game to hit our lobby, Alien Wins. There are some interstellar features included with a maximum win of 50,000x your bet on offer, so blast off today with Springbok Casino!"

Alien Wins lands in the [casino lobby](#) on February 1st and will be available via Download, [Instant Play](#) and Mobile casino at the home of slots in South Africa, Springbok Casino.
